

LAWN CARE PROGRAM

The following program has been developed and used successfully by numerous Growth Products clients from all over the world. The goal of this program is to enhance your existing turf program while at the same time enhancing your turf. This program will provide you with products that have been developed to stimulate and protect your root system, condition your soil, aid in filling in those bare or thin spots and provide the proper nutrients required by the turf.

Benefits:

- Stimulate root growth
- Enhance turf quality
- Protect new and existing roots
- Enhance turf color
- Condition your soil
- Aid in filling in thin or bare turf areas
