

FAIRWAY PROGRAM

The correct combination of nutrients from only the highest quality products produces outstanding agronomic results for maintenance of Fairway. Growth Products Fairway Program includes products that do not contain any chlorides, hydroxides, or high sulfur products and only the lowest salt index raw materials on the market. This alone will reduce the devastating effect of salt build up in your soils and lessen the effects of heat, drought and traffic.

For best results follow this complete program.

Products	Rate Per Acre	Interval	Comments
Nitro-30® (30-0-0) <i>With 85% Methylene Urea Slow Release Nitrogen</i>	1 Gallon	21-30 Days	<ul style="list-style-type: none"> • Foliar and Soil Feed • Spreader - Sticker Properties • Mix and Spray with PGR's
OR
