

Tournament Prep Program

Improve Quality of Play and Faster Ball Roll

The correct combination of nutrients from only the highest quality products produces outstanding agronomic results for maintenance of greens. Growth Products Green Speed Program includes products that do not contain any chlorides, hydroxides, or high sulfur products with only the lowest salt index raw materials on the market. For best results follow this complete program.

- Tournament Preparation to increase green speed.
- Increase root depth
- Increase root mass
- Improve the over-all health & vigor of your turf
