

ORGANIC SPOTLIGHT

	<p>COMPANION® BIOLOGICAL FUNGICIDE WETTABLE POWDER FOR AGRICULTURAL & GREENHOUSE USE</p> <ul style="list-style-type: none"> • For Prevention and Control of Soil and Foliar Diseases • Activates ISR (Induced Systemic Resistance) in Plants • Produces a Broad-Spectrum Antibiotic that Disrupts the Formation-Pathogen Cells • Effective, Environmentally Responsible, and Affordable Disease Control 		
	<p>ESSENTIAL® ORGANIC 1-0-1 100% NATURAL ORGANIC SOIL AMENDMENT & ROOT STIMULATOR</p> <ul style="list-style-type: none"> • Rejuvenates Soil Structure • Food Source for Microbial Activity • Stimulates Root & Plant Growth • Contains 21 Natural L-Amino Acids • Use as a foliar feed to increase organic nutrients, sugars, amino acids up-take into leaf tissue. Its natural wetting agent/surfactant improves penetration of nutrients through cell wall to increase bud and fruit set. 		
	<p>BIONUTRIENTS™ SOLUBLE AG 8-1-9 WSDA APPROVED FOR ORGANIC AGRICULTURE</p> <ul style="list-style-type: none"> • Populates the Soil with 5 Growth Promoting Rhizosphere Bacteria (PGPR) • Solubilizes Minerals & Cycles Nutrients • Occupies Root Surface Area Protecting Roots • Improves Poor Soil Conditions 		
	<p>pH REDUCER A CITRIC ACID SOLUTION</p> <ul style="list-style-type: none"> • Soil and Water pH Conditioner • Controls Algae • Soil pH Reducer • Tank Mix Buffer Solution 		
	<p>COMPANION® LIQUID BIOLOGICAL FUNGICIDE FOR AGRICULTURAL & GREENHOUSE USE</p> <ul style="list-style-type: none"> • For prevention, Control and Suppression of Soil and Foliar Diseases • Activates ISR (Induced Systemic Resistance) in Plants • Improves Nutrient Uptake • Stimulates Healthier Roots and Accelerates Plant Growth <p>Companion Liquid Biological Fungicide can be approved for certified organic operation. Please contact PCO directly for more information on accredited organic certification at www.paorganic.org</p>		
	<p>ZINC CHELATE 8% A 100% CHELATED ZINC SOLUTION</p> <ul style="list-style-type: none"> • Builds Growth Regulators • Activates Enzymes in Protein Synthesis & Grain Formation • Necessary for Starch Formation • Essential for Seed Formation & Maturity 		

Made from natural sources, Growth Products Organic and all-natural products feed your plants while creating nutrient rich soil. Certified Bio-Based by the USDA, these products are good for your crops and the environment.

A true pioneer in environmentally friendly Green Industry practices and sustainable agriculture, Growth Products uses proven technologies to put the power of humic acids, amino acids, kelp, yucca, and powerful bacteria in your hands.

Our liquid and granular organics amend poor soils, enhance nutrient retention and uptake, stimulate plant growth, increase yield and blossom set.

Our Products Contain:

- The Purest Ingredients that meet our highest quality standards
- ZERO nitrates, chlorides, salts, heavy metals, or GMOs
- A Very Low Salt Index
